

RiskJockey secures evidence from ALL law enforcement agencies with ONE online request.*

We take over the entire open records process, so you can tend to more pressing matters.

*Patent pending

HOW IT WORKS

- Filevine users or representatives email Filevine@RiskJockey.com to begin integration process.
- RiskJockey will integrate with Filevine at no cost and provide ongoing support for the integration.
- Filevine users enter relevant information into the Intake section.
- Information is seamlessly transferred to RiskJockey.
- Investigating and Supporting agencies are determined by the city, county and state provided.
- Users choose the evidence they want from all agencies.
- RiskJockey pursues evidence until it is located, determined not to exist, or the file is closed.
- The Activity Feed is updated as evidence is located.
- Evidence is automatically uploaded into Filevine.
- File expenses are updated accordingly.

\$25/GB*

\$50 min. fee for video, \$25 min.
fee for audio & photographs.

No Record Found Fee

\$10/item

There is value in determining which
evidence does not exist, and it takes
time and effort to do so.

*Agency Fees

\$100/item

Some agencies charge fees or require advance
payments before records are released. We
require a pre-authorization so we can pay up to
\$100 on your behalf.
